

Practical no. 17

Name :- Danish Altaf Solkar

Enrolment no. :-24111590805

Class :- CO3K – B

Subject :- DMS

Aim:- Create and manage Views for faster access on relations.

QUERY :- CREATE TABLE Employee(ID NUMBER(3), NAME VARCHAR(30), PLACE VARCHAR(20), SALARY NUMBER(6));

```
Run SQL Command Line
SQL> CREATE TABLE Employee(ID NUMBER(3), NAME VARCHAR(30), PLACE VARCHAR(20), SALARY NUMBER(6));
Table created.
```

QUERY :- SELECT * FROM Employee;

```
SQL> SELECT * FROM Employee;

  ID NAME                PLACE          SALARY
-----
   1 Danish              Karjat          20000
   2 Kalam                Taloja          15000
   3 Raiyan               Kurla           20000
   4 Saud                 Seawood         25000
   5 Jareer               Panvel          25000
   6 Hamza                Govandi         20000
   7 Farzan               Kurla           20000
   8 Fatir                Mumbra          25000
   9 Ayaan                Panvel          25000
  10 Yasir                Mumbra          20000

10 rows selected.
```

QUERY :- CREATE INDEX empempname on Employee('Name');

```
Run SQL Command Line
SQL> CREATE INDEX empempname on Employee('Name');
Index created.
```

QUERY :- SELECT Index_name from user_indexes;

```
